Contents of Volume 213, 1980

No. 1 issued on December 2, 1980

H.M. Chu, D.M. Norris, K.D.P. Rao: Ultrastructure of the Prothoracic Gland of Variously Aged Female Pupae of *Xyleborus ferrugineus* and Associated Ecdysteroid Titers 1

W. Gawlitta, W. Stockem, J. Wehland, K. Weber: Pinocytosis and Locomotion of Amoebae. XV. Visualization of Ca^{++}-Dynamics by Chlorotetracycline (CTC) Fluorescence During Induced Pinocytosis in Living *Amoeba proteus* 9

H.H. Boer, L.P.C. Schot, J.A. Veenstra, D. Reichelt: Immunocytochemical Identification of Neural Elements in the Central Nervous Systems of a Snail, Some Insects, a Fish, and a Mammal with an Antiserum to the Molluscan Cardio-Excitatory Tetrapeptide FMRF-Amide 21

J.J. Peluso, R. Hutz: The Effect of Age on the Ability of Oocytes to Synthesize RNA and Proteins During in vitro Maturation 29

N. Bons: The Topography of Mesotocin and Vasotocin Systems in the Brain of the Domestic Mallard and Japanese Quail: Immunocytochemical Identification 37

S. Blähser, M.P. Dubois: Immunocytochemical Demonstration of Met-Enkephalin in the Central Nervous System of the Domestic Fowl 53

R.D. Machado, W. de Souza, M. Benchimol, M. Attias, K.R. Porter: Observations on the Innervated Face of the Electrocyte of the Main Organ of the Electric Eel (*Electrophorus electricus* L.) 69

R. Dermietzel, H. Kroczek: Interlamellar Tight Junctions of Central Myelin. I. Developmental Mechanisms During Myelogenesis 81

R. Dermietzel, A.G. Leibstein, D. Schünke: Interlamellar Tight Junctions of Central Myelin. II. A Freeze-Fracture and Cytochemical Study on Their Arrangement and Composition 95

S. Bachmann, H. Pohla, A. Goldschmid: Phagocytes in the Axial Complex of the Sea Urchin, *Sphaerechinus granularis* (Lam.). Fine Structure and X-ray Microanalysis 109

J.C. Garaud, R. Eloy, A.J. Moody, C. Stock, J.F. Grenier: Glucagon- and Glicentin-Immunoreactive Cells in the Human Digestive Tract 121

A. Szöllösi, C. Marcaillou: Gap Junctions Between Germ and Somatic Cells in the Testis of the Moth, *Anagasta kühniella* (Insecta: Lepidoptera) 137

M. Książkiewicz: Ultrastructure of the Trophic Chamber and Nutritive Cord of *Aspidiotus hederae* (Homoptera, Coccoidea) 149

C. De Martino, E. Capanna, M.R. Nicotra, P.G. Natali: Immunochemical Localization of Contractile Proteins in Mammalian Meiotic Chromosomes 159

No. 2 issued on December 8, 1980

S.O.E. Ebbesson: The Parcellation Theory and Its Relation to Interspecific Variability in Brain Organization, Evolutionary and Ontogenetic Development, and Neuronal Plasticity 179

J. Tardy, J.R. Pasqualini: Autoradiographic Studies on the Fetal and Newborn Uteri of the Guinea Pig after Injection of ^{3}H-Progesterone into Non-treated and into Estradiol-primed Animals 213

J.G. Vos, P.J.M. Roholl, W. Leene: Ultrastructural Studies of Peripheral Blood Lymphocytes in T Cell-Depleted Rabbits. A Scanning- and Transmission Electron Microscopic Analysis 221

Y. Shiotani: An Electron Microscopic Study on Stellate Cells in the Rabbit Adenohypophysis under Various Endocrine Conditions 237

S.L. Gardiner, R.M. Rieger: Rudimentary Cilia in Muscle Cells of Annelids and Echinoderms 247

Ch. Voss, A. Schiller, R. Taugner: Morphology and Distribution of the Synapses to the Spinal Motoneuron of the Frog. With Special Reference to the Subsurface Cisterns 253

M.-T. Juillard, J.-P. Collin: Pools of Serotonin in the Pineal Gland of the Mouse: The Mammalian Pinealocyte as a Component of the Diffuse Neuroendocrine System 273

J. Fontaine-Pérus, C. Le Lièvre, M.P. Dubois: Do Neural Crest Cells in the Pancreas Differentiate into Somatostatin-containing Cells? 293

J.J. Cassiman, F. van Leuven, B. van der Schueren, H. van den Berghe: Immunohistochemical Localization of Human α_2Macroglobulin in Connective Tissue 301

N. Blaes, P. Couble, J.C. Prudhomme: The Programming of Silk-Gland Development in *Bombyx mori*. I. Effects of Experimental Starvation on Growth, Silk Production, and Autolysis During the Fifth Larval Instar Studied by Electron Microscopy 311

B. Fritzsch: Retinal Projections in European Salamandridae 325

J. Haveman: The Capacity of Lysosomes of Cultured Mammalian Cells to Accumulate Acridine Orange is Destroyed by Hyperthermia 343

F. Wachtler, A. Ellinger, H.G. Schwarzacher: Nucleolar Changes in Human Phytohaemagglutinin-stimulated Lymphocytes 351

No. 3 issued on December 17, 1980

R.B. Boyd, A.L. DeVries, J.T. Eastman, G.G. Pietra: The Secondary Lamellae of the Gills of Cold Water (High Latitude) Teleosts. A Comparative Light and Electron Microscopic Study 361

W. Gnatzy, F. Romer: Morphogenesis of Mechanoreceptor and Epidermal Cells of Crickets During the Last Instar, and Its Relation to Molting-Hormone Level 369

R. Vollerthun, W. Möller: Uptake and Transport of Immunoglobulin by the Chick Choroid Plexus. I. Studies with Enzyme-treated Human Immunoglobulin in Tissue Culture 393

J.L. Boshell, C. Pennington: Histological Observations on the Effects of Isoproterenol on Regenerating Submandibular Glands of the Rat 411

D. Samarasinghe, B. Delahunt: The Ependyma of the Saccular Pineal Gland in the Non-Eutherian Mammal *Trichosurus vulpecula*. A Scanning Electron Microscopic Study 417

M. Shiino: Ultrastructural Observation of Paracrystalline Aggregates of Microtubules in Anterior Pituitary Cells of the Chinchilla (*Chinchilla laniger*) 433

W. Gnatzy, J. Tautz: Ultrastructure and Mechanical Properties of an Insect Mechanoreceptor: Stimulus-transmitting Structures and Sensory Apparatus of the Cercal Filiform Hairs of *Gryllus* 441

H. Kawano, Y.G. Watanabe, S. Daikoku: Light and Electron Microscopic Observation on the Appearance of Immunoreactive LHRH in Perinatal Rat Hypothalamus 465

Ch. Holderegger: Ultrastructural Study of the Mucification of the Stratified Epithelium of the Mouse Vagina 475

S.O.E. Ebbesson, H. Ito: Bilateral Retinal Projections in the Black Piranah (*Serrasalmus niger*) 483

S.O.E. Ebbesson, D. O'Donnel: Retinal Projections in the Electric Catfish (*Malapterurus electricus*) 497

Short Communication

S.O.E. Ebbesson: A Visual Thalamo-Telencephalic Pathway in a Teleost Fish (*Holocentrus rufus*) 505
